

Key Instant Recall Facts

Year 2—Summer 1

By the end of this half term, children should know the following facts. The aim is for them to recall these facts with **speed and accuracy**.

I know multiplication and division facts for the 2 times table

Children should be able to instantly recall the 2 times table:

$2 \times 1 = 2$	$2 \div 2 = 1$
$2 \times 2 = 4$	$4 \div 2 = 2$
$2 \times 3 = 6$	$6 \div 2 = 3$
$2 \times 4 = 8$	$8 \div 2 = 4$
$2 \times 5 = 10$	$10 \div 2 = 5$
$2 \times 6 = 12$	$12 \div 2 = 6$
$2 \times 7 = 14$	$14 \div 2 = 7$
$2 \times 8 = 16$	$16 \div 2 = 8$
$2 \times 9 = 18$	$18 \div 2 = 9$
$2 \times 10 = 20$	$20 \div 2 = 10$
$2 \times 11 = 22$	$22 \div 2 = 11$
$2 \times 12 = 24$	$24 \div 2 = 12$

Key Vocabulary

What is 2 multiplied by 7?

What is 2 times 9?

Using arrays:

$2 \times 6 =$

Top tips

The secret to success is practicing **little** and **often**. Can you practice this KIRF whilst walking to school or during a car journey? You do not need to practice all aspects of the KIRF all at once. Perhaps you could have a fact of the day, or a few facts per week to practice? If you would like more ideas, please speak to your child's class teacher.

Practical ideas and resources:

* Use what you already know – If your child knows that $2 \times 5 = 10$, they can use this fact to work out that

$2 \times 6 = 12$

* Chant together, quick fire recall and testing each other.

* Songs and games are a great way to help children learn their tables, try the links below:
